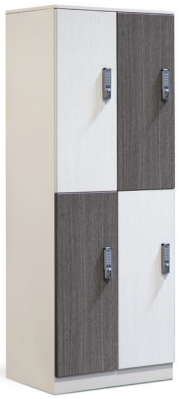
# trace lockers

Lockers offer clean and functional opportunities for interactive work spaces.

Add a custom laminate top to coordinate ganged locker groups to existing desks and decor.

Trace lockers are built to be tough, but they love to show off. Add a focal point with a splash of color, laminate front, or full laminate to create a one-of-a-kind appeal in any environment.

With a wide selection of sizes and configurations, both personal and shared work spaces can be tailored to suit individual storage needs.



Laminate fronts with electronic locks as door pulls.

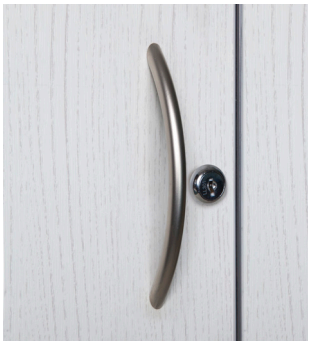
## Door Pulls

Customize the aesthetic of your lockers with a selection of door pull styles.

A: Full Pull



S/N: Satin Nickel Pull

Q: Bar Pull

## Standard Locks

Locks can be keyed alike.

UM Series

LL Series

SL Series

K Series

Hasp

## GO Keyless

GO's electronic and mechanical  locks eliminate the hazards of lost or stolen keys in the workplace. Each can be used to combine lock and door pull in one or with the Full Pull on metal lockers.

E-Lock (E)

Pearl (PR)

Nano E-Lock Mini Keypad (WE)

Mechanical Lock (OJ)

## Options

Slope Tops

Vented Fronts

Mail Slots

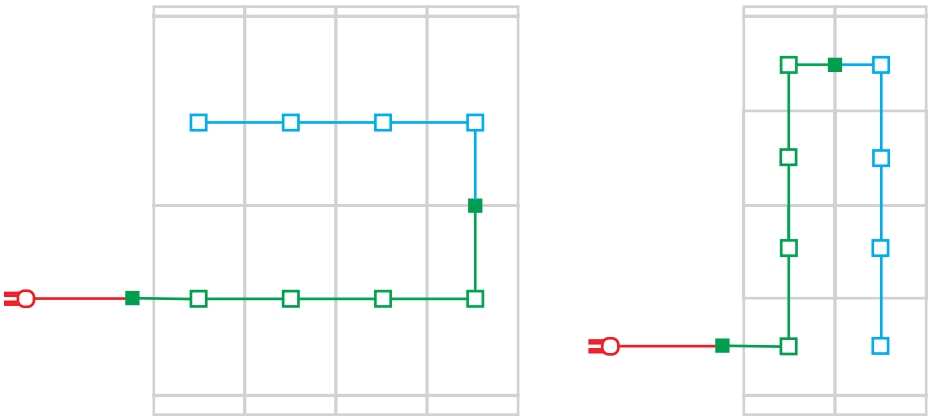
Cubby and Plinth Bases

## Locker Door Number Plates

Identify and catalog individual lockers with metal number plates, which may be attached at time of locker installation using permanent peel-and-stick tape.

## Power Where You Need It

Now, it's never been easier to add low voltage USB charging power. All components are plug and play, meaning power outlets snap in place, and all wiring connections are simple plug in behind the lockers.



Contact Sales for specification assistance.

## GO With Color

Adding a pop of color to your lockers can make a dramatic statement in any space. We offer the best color selection in the industry, including:

- 72 standard colors
- Additional "Industry Favorite" colors
- Custom color-match services

## Laminate Fronts

Laminate or TFL fronts add warmth and texture to your locker doors.

- 16 standard laminates, plus 3 TFL options for cost-effective doors or drawer fronts
- Custom laminates also welcome

## The Ultimate Personal Locker

Take a peak inside our Personal Locker and you'll find additional features that make it an ideal add-on to individual workspaces. Part locker, part storage tower, there's separate hanging space for the jacket or sweater, a top shelf and two adjustable shelves for office and personal items, and an added pull-out rack for organizing files.
