COLOR IT EASY!

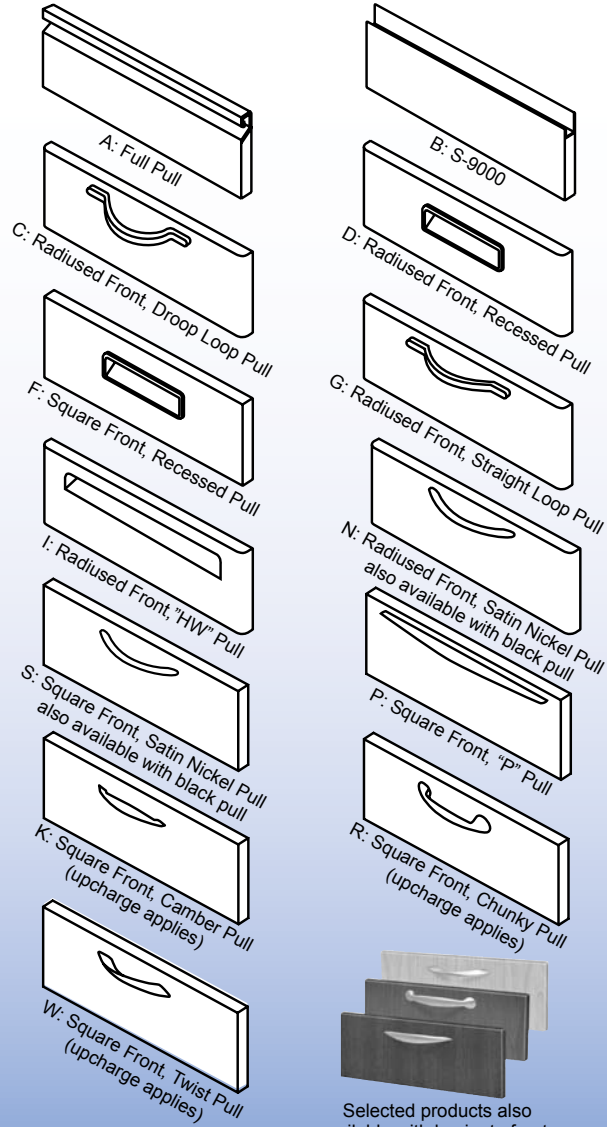

DRAWER FRONT SELECTION

DRAWER FRONT SELECTION

Great Openings is a proud recipient of the National Shingo Prize for operational excellence.

All Great Openings products include a lifetime warranty and meet ANSI-BIFMA standards for durability and safety.

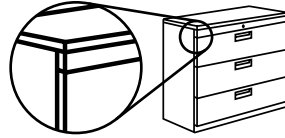

Selected products also available with laminate fronts

That's a lot of drawer fronts!

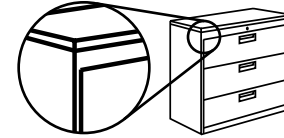

One of our most distinctive attributes is the huge number of drawer front options we offer. Our long list of front styles has resulted from years of selling distinctive filing and storage products to a multitude of customers. You may notice that a few of these fronts are very (very!) similar to those styles featured by some of the major manufacturers in our industry. Others are signature Great Openings. Not all fronts are available on all GO products; please see our price book for availability.

Full-width versus recessed fronts

TRACE™ products feature full-width fronts (as opposed to fronts recessed into the cabinet), and the fronts on all products are the same height. This creates a sleek consistency in horizontal alignment across all product families.

All TRACE™ cabinets feature full-width fronts

In recessed lateral files, the "square" and "radiused" feature is carried by the case rather than by the drawer front

Why the front exceptions on certain cabinets?

We'll be the first to admit that our front availability can be a little confusing. But the plain truth is that over the years, we've developed certain drawer fronts for certain cabinets, and not for others. We could limit our standard offering to reduce that confusion, but then we'd be holding back on showing you all the options available to you. Take a look at our price book; you'll find that drawer front options are clearly stated and easy to understand. And as always, please call us if you're feeling confused.

Let's cut to the chase: which fronts are ALWAYS available on ALL products?

Order any GO cabinet with any of these fronts (our most popular), and you'll find no exceptions:

A: Full Pull

S: Square Front, Satin Nickel Pull

K: Square Front, Camber Pull

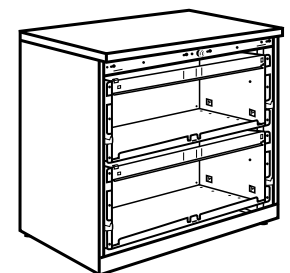

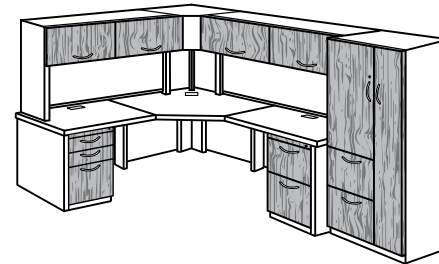

R: Square Front, Chunky Pull

W: Square Front, Twist Pull

Laminate and no front cabinets are available

TRACE™ pedestals, laterals, desk hutch, and cupboard wardrobe towers may be ordered with laminate fronts. Alternatively, you may order our cabinets without fronts and apply your own in the field. Please see our price book or call Customer Service for details.
