LATERAL FILES

TRACE™ LATERAL FILES

All TRACE™ laterals feature horizontal lines & full width fronts consistent with all other TRACE™ products.

Great Openings is a proud recipient of the National Shingo Prize for operational excellence.

All Great Openings products include a lifetime warranty and meet ANSI-BIFMA standards for durability and safety.

Features:

- Thirteen drawer front options. Laminate fronts also available.
- Laminate front options available for 2, 3, and 4-high TRACE™ laterals.
- Rigid all-welded steel construction is formed in key areas for strength. Inner frame consists of 20 gauge metal. Exterior panels and fronts consist of 20-22 gauge.
- Heavy duty full extension steel ball-bearing slides.
- TRACE™ laterals are 18 1/4" deep, 30", 36", or 42" wide.
- Recessed front laterals are 17 3/8" deep, 30", 36", or 42" wide.
- A mechanical interlock insures stability on cabinets with roll-out drawers or shelves.
- Lock captures both sides of the drawer bin for added security.
- All cabinets come standard with UM locks which are master-keyed and core removable.
- Other key series include SL, K, and LL lock. Key alike service is available.
- File drawers accommodate letter, legal, and A4 files.
- Drill location points for ganging/anchoring are included.
- Leveling glides that allow for 7/8" to 1 1/4" adjustment, depending on cabinet style.

Surface Materials:

- Finishes - All products are available in 55 standard colors, with an additional 130+ "Industry Favorite" colors also offered as standard. We also welcome custom colors.
- Fabrics - Available in 12 100% polyester solid colors from the C.F. Stinson New Hampstead collection. C.O.M. fabrics are also welcome.
- Laminates - HPL with 3mm PVC edge. Choose from 15 Wilsonart patterns. Custom laminates are also welcome.

Accessories:

- Per ANSI-BIFMA, counterweights are required for all laterals with roll-out drawers or shelves to insure stability if not otherwise anchored.
- File conversion bars (for filing front-to-back).
- Independent locking drawers. (Meets HIPAA regulations).
- Security bar lock for high security applications.
- Magnetic drawer or shelf dividers.
- No-front option: 2, 3, and 4-high TRACE™ laterals may be ordered without fronts; apply your own in the field.
- Double-wall drawer front for increased sound deadening.
- 6" drawer cd racks and magnetic organizer system.

TRACE™ Lateral Files

Available 2-high through 6-high. Standard lateral drawer fronts are 11 3/8" high. The top opening on 5-high and 6-high laterals features a 15" door that flips-up to stow on top of the cabinet, revealing a roll-out shelf with binder-height-storage.

A: Full Pull

B: S-9000

C: Radiused Front Droop Loop

D: Radiused Front Recessed Pull

F: Square Front Recessed Pull

G: Radiused Front Straight Loop

I: Radiused Front "HW" Pull

N: Radiused Front Satin Nickel Pull

S: Square Front Satin Nickel Pull

P: Square Front "P" Pull

K: Square Front Camber Pull (upcharge applies)

R: Square Front Chunky Pull (upcharge applies)

W: Square Front Twist Pull (upcharge applies)

N & S fronts are also available with black pull

Selected products also available with laminate fronts

TRACE™ Lateral File Laminate Tops and File Hutch

Individual and common laminate tops are available on all TRACE™ laterals except 5 and 6-highs. May be grouped in 2 and 3 side-by-side, and 2 and 4 back-to-back. File Hutch depth and height match TRACE™ desk hutch.

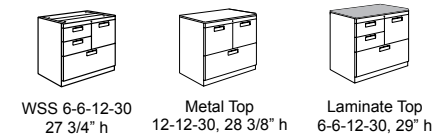

TRACE™ Combo Lateral Files

Available with cupboard doors or open shelves. Combo laterals allow for binder height storage on all but one shelf. Cupboard door units include two locks, keyed alike. Aluminum frame/acrylic panel door options are available (non-locking).

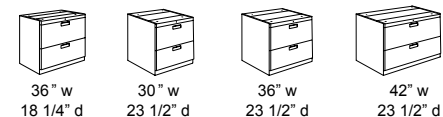

TRACE™ Multi-Drawer FileCenters

Available with a variety of pedestal and lateral drawer options, these 30 1/2" wide cabinets are offered as work surface supporting or freestanding. Both metal and laminate tops are available.

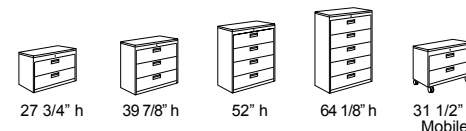

TRACE™ Work Surface Supporting Files (Standard & Full Depth)

Standard-depth (18 1/4") and full-depth (23 1/2") cabinets for under work surface application. See the price book for available drawer fronts. Both standard and full depth work surface supporting files are available in 30", 36", and 42" widths.

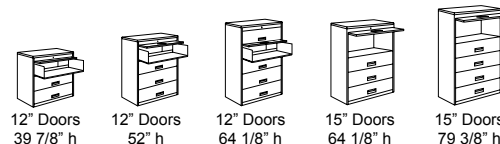

Recessed Front Lateral Files (Heights differ from TRACE™ laterals)

This is the lateral file Great Openings has been selling since our inception. It is not included in the TRACE™ collection of products because the fronts are not full-width and the finish heights, base height, and drawer front heights are not consistent with those of the TRACE™ products.

Receding Door Lateral Files (Heights differ from TRACE™ laterals)

All doors flip-up and recede into the cabinet. Units with 12" openings (10" clear height) have roll-out shelves, and units with 15" openings (13" clear height) have fixed shelves.

Lateral Files with 6" Drawers (Heights differ from TRACE™ laterals)

Recessed front laterals with various combinations of 6" and 12" drawers feature 5 5/8" inside clear height. CD racks and magnetic drawer dividers designed specifically for the 6" drawers are sold separately.
