

Mobile storage  
designed for  
how you work.

# The ultimate mobile storage family with sizes and options for any work space.

## slim

Slim is a compact storage solution for the personal items we have in our workspaces. Store your personal items with the single sided drawer bin version or side to side filing for those with personal filing needs. Access a concealed personal drawer with either option for miscellaneous items.

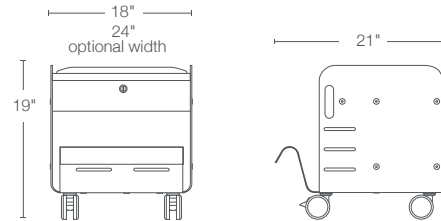

- Optional cushion top
- Top pencil drawer
- Choose from right and left-side drawer access, or two sided drawer bin

## bill

Bill is here to help with your personal gear; providing a place for a friend to perch, and a convenient foot rest to relieve lower back pressure. He's light on his feet – with a flick of the foot you can draw him in or nudge him away. A perfect companion to nest under tables and for standing height desk users.

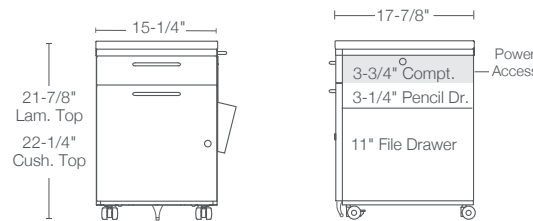

- Optional cushion top
- Open front bin for backpacks and bags
- Rear bin storage includes file bars for hanging files
- Ergonomic footrest with non-skid protective strip
- Soft closing lid

## lester

Lester is a versatile personal storage solution for the varied things we take to work. With an optional side-bin for active documents and pencil and file drawers, Lester has space for all of your important papers. The cushion or laminate lift-top offers access to a large lockable storage compartment for your personal belongings or office accessories.

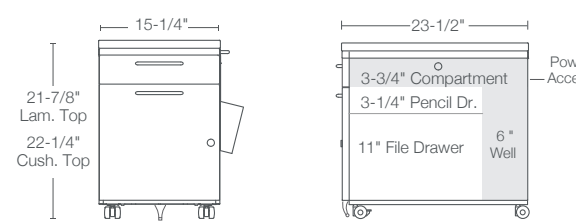

- Laminate or cushion top
- File drawer with concealed pencil drawer
- Felt-lined top storage compartment with power access grommet
- Optional side bin keeps current files

## chester

Chester is a versatile personal storage solution for varied things we use at work. Lift the top to access landing pad for your devices and a storage well for your backpack, purse, gym bag, or other personal items. A file drawer and concealed personal drawer can help with the incidental filing and storage.

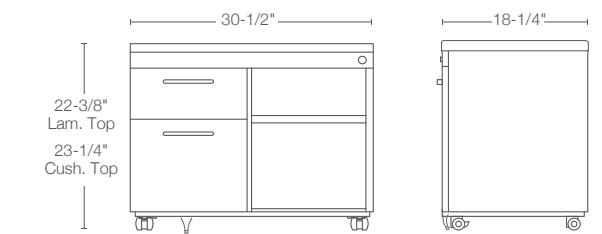

- Laminate or cushion top
- File drawer with concealed pencil drawer
- Felt-lined top storage compartment with power access grommet
- Full-height storage well
- Optional side bin keeps current files

## molly
