

Classroom Solutions

Furniture on the go for more fluid learning

Rigid classroom layouts, stationary desks, and stay-put storage? That's so old school. Our mobile furniture lets teachers go with the flow, reconfiguring their spaces with ease to support all kinds of activities and teaching styles and help them do their jobs more effectively.

Transition from large to small groups, rows to circles, or open up the floor for games, demos, and creativity. Stylishly designed, engineered for stability, and built to perform, our mobile furniture has everything it takes to earn top marks from you.

Mobile Teacher's Desk

- Large casters make moving the desk easy—even for one person. They roll smoothly on any surface including carpet and can be locked into place.
- Multiple configurations match all kinds of classroom spaces and needs.
- An optional D-shaped worksurface creates space for one-on-one time with students.
- A stylish perforated panel provides modesty and manages power cables out of sight.
- Matching or contrasting legs add extra style points.
- Pair the open table option with our unique mobile storage solutions Odie, Slim XLT, or Chester for maximum flexibility.

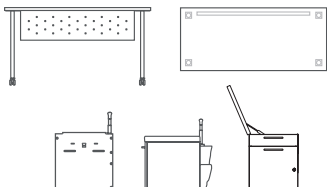

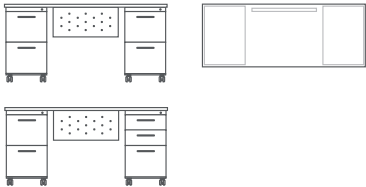

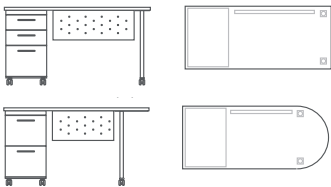

50mm casters

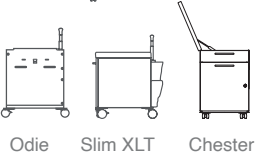

Optional grommet

Perforated modesty panel

Double pedestal options:
2 File/File or 1 File/File, 1 Box/Box/File

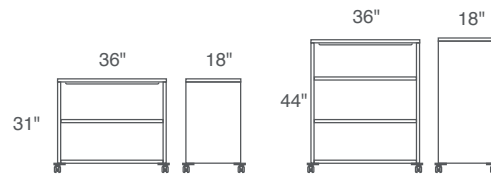

Odie Slim XLT Chester

Mobile Bookcase

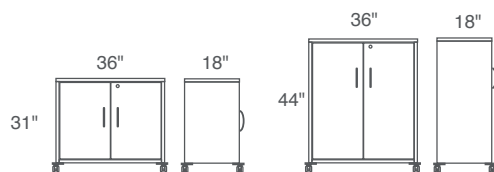

- Large, smooth-rolling casters let you move a reading nook or reference library easily, even over carpet, and lock securely into place.
- The shelf adjusts to book size to make the most of storage space.
- An outrigger base with integrated casters provides stability for better classroom safety.

50mm casters, adjustable shelves

Mobile Storage

- Large casters help you take your storage for a spin, rolling over any surface smoothly and locking into place.
- 15" wide doors open wide to fit all kinds of objects and lock to secure them.
- An adjustable shelf tailors space to fit changing storage needs.
- The outrigger base keeps the unit stable for classroom safety.

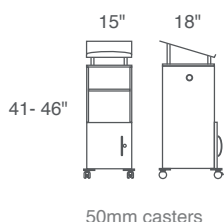

50mm casters, adjustable shelves

Mobile Lectern

- Easy-rolling casters let teachers or students take the floor anywhere, moving over any surface smoothly and locking into place.
- A laminate surface provides a stylish and easy-to-clean surface for holding notes and drinking glasses.
- Side grommets manage power and data cables, connecting to microphones, laptops, and other AV equipment.
- An adjustable shelf moves up and down to accommodate changing needs, and a locking door keeps equipment inside the lower cabinet secure.
- The outrigger base with integrated casters adds stability for classroom safety.

3-2-1 go!

As a manufacturer of both school and office furniture, our operational efficiency makes us price-friendly for school budgets and helps us ship **99% on time—with a lead time of just 3 weeks**, even in summer.

About us

Great Openings got our start in commercial office furniture, designing beautiful pieces that can go the distance in the daily 9-to-5. Now we're bringing those same high standards to K-12 spaces, delivering hardworking, smartly engineered pieces that meet the industry's ANSI BIFMA standards for durability and safety. We're proud to work with our hands, manufacturing thoughtfully made American products that make people's lives easier and more satisfying.
