

Yogi Storage

Customize Your Space

Yogi Storage is a versatile storage solution designed to work seamlessly with today's height-adjustable workplace.

Experts in storage solutions

With extensive experience in commercial furniture, we understand what today's workplaces need to perform at their best.

Yogi Storage is offered in 16 standard laminate finishes.

Yogi comes in 72 standard as well as custom metal finishes.

GO Configure

Yogi Storage Garage is available in a full range of sizes to fit your workspace and work style.

The collection extends beyond the Yogi cart with a coordinated range of accessories and companion products—from parking garages and planters to HAT lockers, power, and privacy panels—creating a flexible, organized workspace that works as hard as you do.

Yogi

Sleek, open design offers easy access to frequently used items. It features an upper shelf for smaller items and one or two lower compartments.

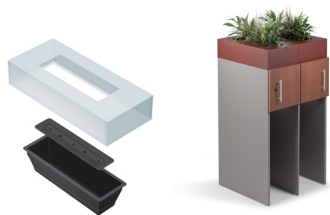

PET Privacy Screens

Pin up ideas that inspire. Made from 100% recyclable, non-toxic PET felt, these screens add privacy while keeping creativity within reach.

HAT Storage

Smart, space-saving storage designed to fit neatly around our height-adjustable desk leg.

Planter Boxes

Bring a touch of greenery to your workspace. A durable metal outer case with a high-quality plastic insert fits neatly over the Yogi Storage Garage, adding a fresh, natural element to your workspace.

Power

Byrne Kia compact power and data solutions bring convenient connectivity to your workstation with a sleek, stylish design. Available in single, double, or back-to-back configurations to meet your power and data needs.

Only the Beginning

Work is always evolving, and we're committed to growing with it.

That means staying curious, embracing innovation, and continually refining our approach to meet the changing needs of modern workplaces. We develop new solutions through our dedicated product development team, collaborate with design firms to prototype custom storage concepts, expand our material offerings with advanced surfaces, and stay open to fresh perspectives and new possibilities. By listening, learning, and adapting, we're creating storage solutions that move with the future of work.

Working Together

What we can do for you.

We love showing our customers how a fresh approach to furniture can solve everyday workplace challenges. Let's connect to talk through your goals, and we'll recommend a tailored mix of products that help teams thrive in spaces designed for focus, flexibility, and flow.
