FEATURES

- The top opening of 5-high and 6-high Trace laterals features an over-the-top flipper door with 13-1/0" inside clear height that will accommodate standard height binder storage
- 5-high and 6-high include top flipper door that stows over-the-top, revealing either a roll-out or fixed shelf
- Flipper compartment features 13-1/2" inside clear height for binder storage
- Laminate tops are sold separately for individual laterals and laterals paired side-by-side or back-to-back (see lateral accessory section). Please note that a laminate top may not be placed on top of a Trace lateral that includes a flipper door on the top opening
- Trace lateral files with flipper door on top, when installed in a "built-in" wall situation will require a minimum of 1-1/2" clearance above the cabinet for the flipper door to go up and over the top
- The lock strip on 4-high and 5-high laterals is located above the fourth drawer. In 6-high laterals, the lock strip is located above the fifth drawer
