the new frontier.

great

Fun, flexible furniture
for public spaces.

manny

Ahh, the ottoman. Available in both round and square shapes, the popular Manny can even be equipped with built-in power making him a smart addition to any sitting, lounge or work area.

ben

Drop one anywhere you want to create easy, short-term seating for one or a bunch.

Sparkeology is about keeping it light and cozy.

sofia

Sofia may be a petite sofa, but her appeal is no small thing. Scaled to fit with the rest of our line, she's comfortable at the center of the room, standing along a wall, grouped with Ben, Manny or even paired up with Pete to make a cozy little booth.

sylvie

Sylvie looks good in pairs, circled, or all by her lonesome. The simple, geometric shapes of her seat and back, along with her optional power outlets add a modern dash to any space.

flip

How can you resist this? It's a table, a stool, a resting place for your bag. Strong and lightweight, it's made to flip upside or down. And we think you'll flip for it.

lily

Float around with Lily, the lightweight, freestanding table that moves easily between individual work, break-out groups, and team time. A cup holder and pen groove keep you happy wherever you land.

Sparkeology thrives on spontaneity.

cupcake

One look at our Cupcake stool and you know everybody's going to want one. With its comfy upholstered seat and sturdy, mod trumpet pedestal, this sweet little seat is destined to become the most sought-after spot in the room.

sly

The handsome Sly is about to steal some hearts. He appeared on the scene with his sleek modern design and his practically indestructible construction, and we can't possibly decide which is more enduring.

pete

Short? Tall? Circular, square, rectangular? Paired with our resin or laminate top and your choice of base colors, this table is just right for dressing up or everyday use.

cal

Cal's the kind of guy who has a knack for bringing people together. With his good looks, full knee clearance around the table, and convenient access to power along the center spine, this conference table is at the center of all the best conversations.

eddie

Eddie's circular metal base and pedestal support a round translucent top with a built in power hub, giving you even more ways to stay connected throughout the day.

Sparkeology
is always
up for new
adventures.

A person is captured in mid-air, appearing to be jumping or falling. They are wearing a dark long-sleeved shirt, dark trousers, and brown leather shoes. Their hands are tucked into their pockets. Below them is a white, modern-style stool with a round top and a flared base. The background is a dark grey wall with white, hand-drawn text. The floor is a light grey concrete.

love
at
first
bite

Sparkeology is timeless elegance topped with a big dollop of fun.

Carla brings you service with a smile. Roll her into any room to kick off coffee hour or lunch break, then out again to be restocked when the party's done.

oscar

Oscar's been told he cleans up well. His polished good looks and hardworking nature come together in a neat recycling center that helps everyone remember to be green.

cubby

Cubby's got the perfect spot for this, that, and the other thing. Choose the little version or his bigger brother. Either one gives you a handy mix of shelf spaces that are fun to fill up.
