

TRACE

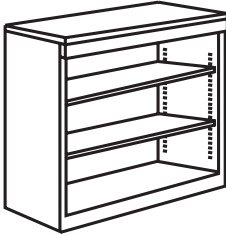

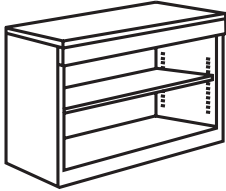

Open Shelf Lateral

These look similar to bookcases except that there is a trip strip at the top and a kick plate at the bottom to match Trace heights, depth also matches Trace products.

TRACE

Open Shelf Lateral File

FEATURES

- All drawers include full extension steel ball-bearing slides with anti-rebound features to ensure smooth operation
- Trace lateral file metal and laminate tops are sized to be flush with the sides of the cabinet, so that files installed side-to-side will have no gaps between
- Box/file open shelf allows for binder storage on 1 adjustable shelf
- 2-high allows for binder storage on 1 adjustable shelf
- 3-high allows for binder storage on 2 adjustable shelves
- Shelves adjust in 1/2" increments
- Counterweight not necessary
