

# Sofia

SOFT SEATING

Sofia may be a petite sofa, but her appeal is no small thing. Scaled to fit with the rest of our line, she's comfortable at the center of the room, standing along a wall, grouped with Ben, Manny, or even paired up with Pete to make a cozy little booth.

Choose a length, pick your fabric (COM or Graded Program) and finish, and tell us if you want power or not.

# Sofia

SOFT SEATING

- The seat frame is constructed of one horizontal panel fabricated from upholstery grade, 15/16" thick, 7-ply fir plywood
- Cushion top panel is 3" thick, fire retardant polyurethane foam of 2.8 lb density and 80 lb IFD. The vertical outside surfaces are 1/4" thick, fire retardant polyurethane foam of 1.6 lb density and 55 lb IFD at 25% deflection
- Meets California Technical Bulletin 117 for flammability. Class A fire rated in accordance with Commercial Standard CS-191-53
- Fully upholstered unit is in accordance with BIFMA F-1-1978 (Rev. A80), First Generation Voluntary Upholstered Furniture Flammability Standard for Business and Institution Markets
- Power models include AXIL-Z flush mounted receptacle available in black or white
