

TRACE Bookcases

Our Bookcases don't just hold books. They help with storage, display, storytelling, space definition and workplace branding. The metal construction makes them structurally strong with a deceptively narrow profile. We see our Bookcases grouped together back-to-back or side-by-side as an iconic display to greet your guests or as an architectural element to define boundaries. The sleek styling and adjustable shelves add both function to private and team space and elegant beauty to your entire floor plan.

Bookcases

BASIC CONSTRUCTION

- Shelves are 1" tall and are adjustable in 1/2" increments
- Four leveling glides with 5/8" adjustment ensure proper alignment and operation
- Actual outside widths of bookcases are:
 - 30" = 29-11/16"
 - 36" = 35-11/16"
 - 42" = 41-11/16"
- To ensure stability, 4, 5, and 6-high bookcases should be installed against a wall or other solid object
- Shelf load capacity of 140 lbs

MOBILE BOOKCASE

- Satin nickel loop pull on each side
- Inside clear height: 24" with 1/2" shelf
- Inside clear depth: 15", width: 27-7/8"

OPTIONS

- Optional laminate tops for bookcases are factory-installed
- Additional shelves are available for order
- Magnetic shelf dividers, sold in packages of three
