

TRACE

Freestanding Desks

The freestanding desk is a modular system of desk shells, returns, bridges, corner units, tables, and individual components that can be mixed and matched with a comprehensive selection of Great Openings' storage.

Detailed Component Specifications

23" and 29" Panel Leg Specifications

- Panel legs are non handed, and 27-3/4" high when leveling glides are fully recessed. Leveling glides provide 7/8" adjustment
- All panel legs are 1-1/2" wide so that work surface fasteners are positioned within the leg itself, allowing for storage to set snug against the leg
- 23" and 29" panel legs each require one gusset when no modesty panel is present
- Each leg is pre-drilled for both partial and full height modesty panel attachment
- All panel legs include (1) 18" plastic wire management channel that is equipped with adhesive strips and may be attached to a modesty panel, work surface, or storage cabinet
- 23" and 29" panel legs are available with or without two rectangular 3-1/2" x 2" plastic grommets (inside clear dimensions: 2-3/4" x 1-1/2"), positioned at the top of the leg
- Full height metal panel leg covers close-out vertical channels integrated into the panel legs (two per leg), and are sold separately. Each cover includes two grommets, located at top and bottom
- Panel legs and metal wire management covers consist of 20 gauge steel

Corner Leg Specifications

- "L" shaped corner leg is 7-1/2" x 7-1/2", and 1-1/2" wide so that work surface fasteners are positioned within the leg itself
- Corner legs are 27-3/4" high when leveling glides are fully recessed. Leveling glides provide 7/8" adjustment
- Each leg is pre-drilled for both partial and full height modesty attachment
- All corner legs include (1) 18" plastic wire management channel that is equipped with adhesive strips and may be attached to a modesty panel, work surface, or storage cabinet
- Metal wire management cover attaches and removes easily, closing out the triangular leg to capture wires within, and are sold separately
- Corner legs and covers consist of 20 gauge steel

Post Leg

- Post leg 27-3/4" high and 3" in diameter, with adjustable leveling glide
- Each leg is pre-drilled for both partial and full height modesty panel attachment

12" Panel Leg Specifications

- 12" panel legs are designed to sit perpendicular to the edge of the work surface, providing additional support and knee space. 12" panel legs may not be used at the end of work surface runs
- Unlike 23" and 29" panel legs, 12" panel legs do not require gussets when there is no modesty panel because they may not be used at the end of a work surface run
- 12" panel legs may also be used in mid-run to support two work surfaces simultaneously
- Each leg is pre-drilled on both sides for both partial and full height modesty panel attachment, and are unhandled
- All panel legs include (1) 18" plastic wire management channel that is equipped with adhesive strips and may be attached to a modesty panel, work surface, or storage cabinet
- A single grommet is included at the top of each 12" panel leg. Grommets are black plastic, 3-1/2" x 2" (inside clear dimensions: 2-3/4" x 1-1/2")
- A metal wire management cover is included with each 12" panel leg
- Panel legs and covers consist of 20 gauge steel

Gussets

- One gusset is required to support 23" and 29" panel legs when no modesty panel or pedestal positioned adjacent to the panel leg is present
- A gusset will prevent a mobile ped from sitting snugly against the panel leg
- Gussets consist of 18 gauge steel

TRACE Freestanding Desks

Critical Dimensions:

Modesty Panel Specifications

- All Trace modesty panels are single-piece construction
- Modesty panels consist of 22 gauge steel, with forms on each edge for added strength and ease of attachment to panel legs and work surfaces

Modesty Panel Offset Brackets

- Modesty panels attach to pre-drilled holes located on the inside edges of panel legs. When a modesty panel must attach to the end of a panel leg, as with a return or bridge, then a modesty panel offset bracket is required to connect pre-drilled attachment points. Modesty panel offset brackets are included with returns and bridges, when ordered with modesty panels and are also sold separately

Work Surface Grommets

All TRACE work surfaces come standard with one or two grommets, which are black plastic with removable covers.

- Rectangular work surfaces 60" and narrower include one grommet in center
- Rectangular work surfaces 66" and wider include two grommets, with grommet center point 20" from each side edge
- Corner desks include one grommet in corner
- Peninsulas include two grommets centered on non-rounded end

Work Surface Over-Hang

Allow for 1/2" overhang on front, back, and sides of all desks. Work surfaces are pre-drilled for proper panel leg positioning.

Work Surface Option

For large projects, it is possible to include metal inserts in work surfaces when required for attachment of panel legs, modesty panels, etc. Call for details

TRACE
Freestanding
Desks

- A. Panel leg grommets available as an option with no up-charge
- B. Plastic wire management channels - one 18" channel included with each panel and corner leg
- C. Work surface grommets - one or two grommets included in all work surfaces
- D. Modesty panels in three heights allow wires to run beneath
- E. Wire management channel covers for panel legs & corner legs are sold separately

TRACE Freestanding Desks

Our objective is to offer you our absolute lowest cost desk: no frills, with only the bare necessities. If you'd prefer a desk with modesty panels, please see our desk shell.

Bare Bones Single Pedestal Desk

- One top with grommet (tops 60" or less = 1 grommet, 66" or more = 2 grommets)
- One pedestal with counterweight
- One panel leg with gusset
- No modesty panel
- Plastic wire management channel included with panel leg

Freestanding Desks

End-of-run corners are designed with a 23" or 29" panel leg located on the "D" side of the corner desk. This panel allows desking runs to be terminated at the corner in a way that ensures stability and offers a clean, finished look. An end-of-run may be used as an end run, it must be attached to a bridge or return on the side with the 12" panel leg.

End-of-Run Extended Corner - No Modesty

- One top with grommet
- One corner leg, one 12" panel leg, and one 23" or 29" panel leg
- No modesty panels
- Plastic wire management channels
- One gusset

TRACE Freestanding Desks

TRACE Panel Leg (non-handed)

Desk Component Note and Warranty Disclaimer:

Desk components are provided for customer convenience when creating customized desk configurations. It is exclusively the customer's responsibility to select the correct components and component sizes, and to ensure product safety and stability in the application of these components.

Please see the TRACE Desk Assembly Guide (supplied with each order) for proper placement, sequence and tools for connecting support legs, modesty panels, and work surfaces. See the TRACE Freestanding Desk FAQ's for a detailed description of the components listed here.

- Each 12" panel leg includes (1) 18" plastic wire management channel, (1) metal wire management cover, and a single centered grommet at the top of the leg
- Each 23" and 29" panel leg includes (1) 18" plastic wire management channel. Metal wire management covers are sold separately (see below)
- Panel legs may be ordered to include two rectangular plastic grommets, positioned at the top of the leg. Add the suffix "G" to include these grommets (no extra charge)
- Leveling glides provide 7/8" adjustment

TRACE Panel Leg Wire Management Cover

- Provides a finished look for panel leg
- For use on the 23" and 29" panel legs, two covers needed per leg.
- Covers with grommets include two grommets with edge protectors, one each located at top and bottom of each cover
- Specify with or without grommets

Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Grommets	Price
panel leg cover	pkg. of 2 covers with grommets	4 lb	.2 ft	GCV 0002	?	Yes	\$109
	pkg. of 4 covers with grommets	8 lb	.2 ft	GCV 0004	?	Yes	\$216
panel leg cover	pkg. of 2 covers without grommets	4 lb	.2 ft	GCN 0002	?	No	\$109
	pkg. of 4 covers without grommets	8 lb	.2 ft	GCN 0004	?	No	\$216

TRACE Corner Leg

- Each corner leg includes (1) 18" plastic wire management channel. Corner leg wire management cover is sold separately
- Leveling glides provide 7/8" adjustment

Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Price
corner leg	pkg. of 1 leg	8.7 lb	1.1 ft	GOC 01 K	?	\$325

TRACE Corner Leg Wire Management Cover

- Attaches magnetically to corner leg

Product	Qty	Pkg Pkg Wt	Pkg Pkg Cube	Part #	Metal Color	Price
corner leg cover	pkg. of 1 cover	2 lb	.2 ft	GOC 151 K	?	\$95

Panel Leg Gusset

- One gusset is required per 23" or 29" panel leg when no modesty panel or adjacent storage cabinet is present

Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Price
gussets	pkg. of 1 gusset	1.1 lb	.1 ft	GUS 01 K	?	\$80
	pkg. of 2 gussets	2.2 lb	.2 ft	GUS 02 K	?	\$158

TRACE Freestanding Desks

Post Leg

- Post leg is 3" diameter and 27-3/4" high Includes leveling glide
- Pre-drilled to accommodate partial and full-height modesty panels
- Leveling glides provide 7/8" adjustment

Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Price
post leg (specify color)	pkg. of 1 leg	7 lb	.8 ft	GSK 0036	?	\$353

"H" Leg

- For use with work surfaces 24" to 30" deep
- H leg is 27-3/4" high, with leveling glides
- Top plate is 6" x 18"
- Leg width is 16"

Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Price
"h" leg (specify color)	pkg. of 1 leg	15 lb	2.0 ft	GHL 2214	?	\$787

Splice Plate

- Connect two work surfaces at 90 degree angles to one another. 4" x 4"

Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Price
splice plates (black)	pkg. of 2 plates	1.1 lb	.01 ft	GSP 02 K	?	\$64

Modesty Panel Offset Bracket

- For use when attaching a modesty panel to the end of a panel leg, as with a return or bridge. Specify bracket for full-height or partial height modesty panel

Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Price
full-height bracket (specify color)	pkg. of 1 bracket	2 lb	2.0 ft	MPBF 01 K	?	\$86
partial-height bracket (specify color)	pkg. of 1 bracket	2 lb	2.0 ft	MPBH 01 K	?	\$76

Panel Leg / Pedestal Bracket

- Securely attaches pedestal to bottom of a panel leg. For use during rugged furniture rearrangement
- Bracket is black

Product	Qty	Pkg Wt	Pkg Cube	Part #	Metal Color	Price
23" panel leg bracket	pkg. of 1 bracket	.5 lb	1.0 ft	PLB 2401 K	?	\$64
23" panel leg bracket	pkg. of 2 brackets	1 lb	1.0 ft	PLB 2402 K	?	\$130
29" panel leg bracket	pkg. of 1 bracket	.8 lb	1.0 ft	PLB 3001 K	?	\$76
29" panel leg bracket	pkg. of 2 brackets	1.6 lb	1.0 ft	PLB 3002 K	?	\$151

Panel leg leveling glides screw through bracket back into panel leg to secure bracket to both pedestal and leg

TRACE Freestanding Desks

Modesty Panels

All TRACE modesty panels are single piece 22 gauge metal. Pre-drilled for quick installation with any size panel leg or corner leg. Full height modesty panels are 27-5/8" high, partial height are 12" high. Plan for 1/2" work surface overhang on all sides of legs, modesty panels, and case goods. Panel legs are 1-1/2" thick. Please specify metal color.

Note:
Rectangular tops and transitional returns include one center grommet when 60" or less, and two grommets when 66" or more in width.

Grommets are positioned 18.5" from either side and 2" from the back of the work surface to avoid interference with pedestals.
