

Mobile Laminate Pedestal

Mobile pedestals got their name back when they supported desks and kept paper files organized. But times have changed—and so have they. Now, they're the perfect spot for everything you bring to work, from laptops and backpacks to snacks and headphones.

We've taken things up a notch with all-new laminate options that look more refined and feel more like home. Think realistic wood grains, solid colors, and cool patterns that give your workspace a warmer, more residential vibe.
