

Sparkeology is
the new frontier.

Fun, flexible furniture
for public spaces.

ben

Drop one anywhere you want to create easy, short-term seating for one or a bunch.

sofia

Sofia may be a petite sofa, but her appeal is no small thing. Scaled to fit with the rest of our line, she's comfortable at the center of the room, standing along a wall, grouped with Ben, Manny or even paired up with Pete to make a cozy little booth.

Sparkeology is about keeping it light and cozy.

pete

Short? Tall? Circular, square, rectangular? Paired with our resin or laminate top and your choice of base colors, this table is just right for dressing up or everyday use.

Sparkeology is
always up for
new adventures.

flip

How can you resist this? It's a table, a stool, a resting place for your bag. Strong and lightweight, it's made to flip upside or down. And we think you'll flip for it.

lily

Float around with Lily, the lightweight, freestanding table that moves easily between individual work, break-out groups, and team time. A cup holder and pen groove keep you happy wherever you land.

Sparkeology is timeless elegance topped with a big dollop of fun.

cupcake

One look at our Cupcake stool and you know everybody's going to want one. With its comfy upholstered seat and sturdy, mod trumpet pedestal, this sweet little seat is destined to become the most sought-after spot in the room.

sly

The handsome Sly is about to steal some hearts. He appeared on the scene with his sleek modern design and his practically indestructible construction, and we can't possibly decide which is more enduring.

oscar

Oscar's been told he cleans up well. His polished good looks and hardworking nature come together in a neat recycling center that helps everyone remember to be green.

Sparkeology
thrives on
spontaneity.
